101: Microbiology

(Introduction to Microbial World)

| Time: 2 Hours] [Max. Mark | | | | 50 |
|---------------------------|---------|---|--|----|
| Instruc | tions : | (1)(2)(3)(4) | Attempt any three questions from Q No. 1 to Q No. 8. Question No. 9 is compulsory. Draw figures wherever necessary. Figures to the right indicate marks. | |
| 1. (A | deta | il. | erm theory of disease and describe the experiment of Robert Koch in biogenesis? Describe experimental evidence against abiogenesis. | 7 |
| 2. (A | A) Wha | at are | e chemotherapeutic agents? Describe in detail about modern | 7 |
| 3. (A | | | robial habitats and describe microbial diversity in soil as habitat. | 7 |
| 4. (A | | | eukaryotes? Describe the general characteristics of fungi. te on any two acellular entities. | 7 |
| 5. (A | | | n detail about microbiology branch. ort note on genetic engineering and biotechnology. | 7 |

1

MD-119

| 6. | (A) | Describe the principles and methods used for isolation of bacteria. | 7 |
|-----|------|--|---|
| | (B) | What is preservation? Discuss the methods used for the preservation of pure culture. | 7 |
| 7. | (A) | Write a detail note on bright field microscopy. | 7 |
| , , | (B) | Briefly explain principle and applications of electron microscopy. | 7 |
| 8. | (A) | What is differential staining? Explain the mechanism of gram's staining technique. | 7 |
| | (B) | Discuss microbiological uses of dyes and stains. | 7 |
| 9. | Give | e short and specific answers in 1-2 lines only: (any eight) | 8 |
| | (1) | Mention the contribution of Richard Petri in the field of microbiology. | |
| | (2) | What are animalcules ? | |
| | (3) | Who discovered the causative agent of mosaic disease of tobacco? | |
| | (4) | What are vaccines? | |
| | (5) | Which chemical was first used as disinfectant? | |
| | (6) | Define fermentation | |
| | (7) | What are viroids? | |
| | (8) | Who developed the vaccine against Chicken Cholera? | |
| | (9) | What is nomenclature? | |
| | (10) | Define contamination | |
| | (11) | What is lyophilization? | |
| | (12) | What are decolourizers? | |
| | (13) | What is biotechnology? | |
| | (14) | What is numerical aperture? | |
| | (15) | Write two uses of phase contrast microscopy. | |
| | (16) | Write a full form of TEM. | |
| | | | |
