## Integrated LL.B., Sem.-VI IL-309 : Environmental Law

Time : 2 Hours]

[Max. Marks : 60

- Instructions :** (1) All questions carry equal marks.  
(2) Attempt any **three** questions.

1. Discuss the Ancient Indian practices for environmental protection and conservations with suitable examples. 20
2. Discuss the concept of Sustainable Development and its principles for enforcing environmental protection. 20
3. Discuss the co-relation between the Right to Life *vis-à-vis* Right to Environment with relevant cases in India. 20
4. Discuss the role of PIL for environmental matters and remedies within Indian jurisdiction. 20
5. Discuss the issue of noise pollution and its possible legal remedies with example cases in India. 20
6. Recently, Birpur came into the news headlines for the issues of solid waste dumping. The management of the landfill sites was given to a contractor for the safe disposal of waste. But the ground reality exposes that the contractor was been violating the terms of the contract and waste laws. Thus, the locals residing the nearby areas are suffering due the adverse effects.  
Critically analyze the above facts and issues, accordingly, suggest suitable legal and judicial remedies for the locals. 20
